Detailed-product page appears when users click on specific product

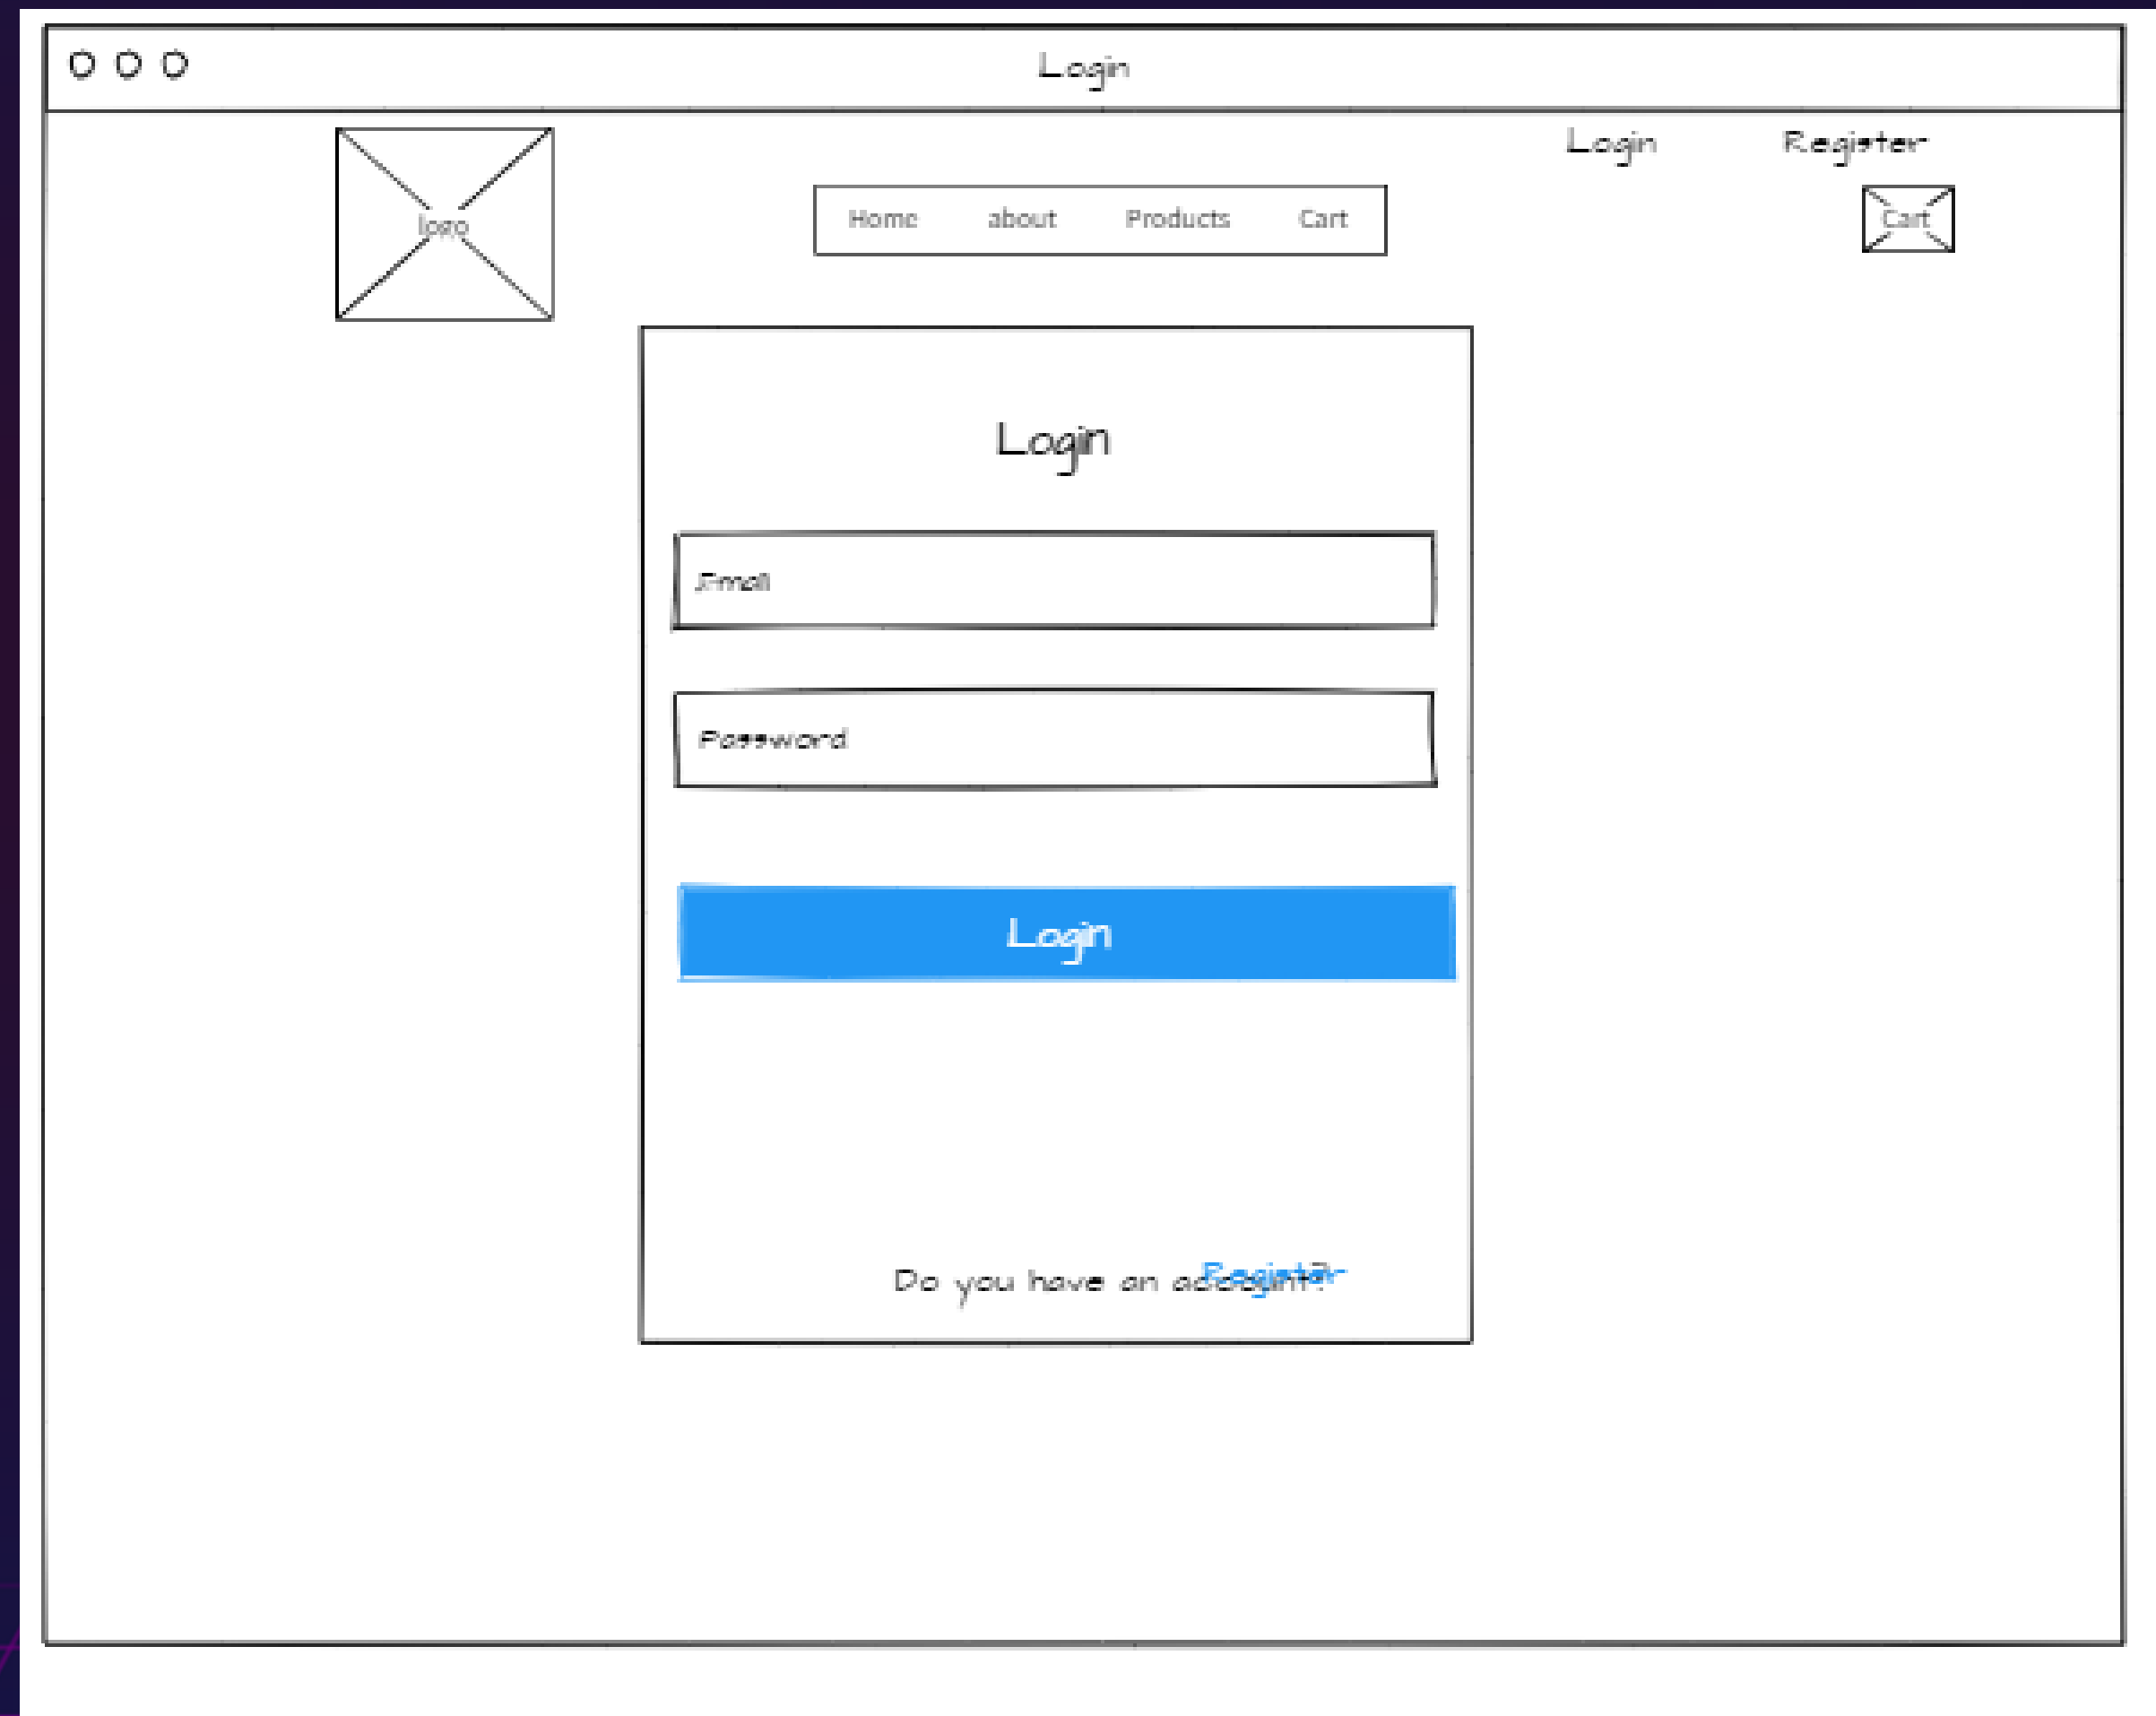

# WIREFRAMES

Shopping-cart  
page appears  
when users want  
to see what they  
actually want to  
buy

# WIREFRAMES

Login form

A wireframe of a login page. The page has a header with a logo placeholder (a square with an 'X' and the word 'logo' inside) on the left, a navigation bar with links 'Home', 'about', 'Products', and 'Cart' in the center, and 'Login' and 'Register' links on the right. A 'Cart' icon is also present. The main content area is a large rectangle containing the title 'Login' at the top. Below the title are two input fields: 'Email' and 'Password'. A blue 'Login' button is positioned below the input fields. At the bottom of the main content area, there is a link 'Do you have an account? Register' where 'Register' is highlighted in blue.
